**Subject:** Re: Rachel Carson Council Atlantic Pipeline report

Thank you, Bob.

Dear William, Jeremy.

I was very encouraged that Gov. Cooper has delayed a decision on the Atlantic Coast Pipeline until the end of the year. Please thank him for me and the Rachel Carson Council. I have attached here our new, comprehensive report on natural gas and the ACP called ***Blast Zone: Natural Gas and the Atlantic Coast Pipeline; Causes, Consequences and Civic Action***. It was released Wednesday and is being widely circulated. I have attached a fact sheet as well. Thanks for your work and careful consideration on such a key decision affecting the health and well-being of North Carolinians and, more broadly, all Americans affected by the growing threat of climate disruption.

Warm regards,

Bob
